*"The Value of every project reflects the excellence of the individuals chosen to create it."*

**- LINDA MASLOW**

As a producer, I observed production companies scrambling to find qualified production crews at the last minute. In 1989, The Maslow Media Group (MMG) opened its doors as a one-stop resource to meet the needs of busy producers and production companies.

MMG is a team of veteran production professionals. We know the process. We speak the language. We keep an eye on every detail. We make deadlines and stay on budget. We take care of all your production needs.

Our clients range from Broadcast Producers to Corporate Media Departments to Government Agencies.

In addition to providing Crews, Freelancers and Production Management Services Worldwide, MMG provides turnkey Payroll Services for production and corporate clients facing downsizing and complicated legal and tax issues.

Our Media Management Division provides comprehensive management of internal media departments for corporations and the government.

Customer service and a creative, personalized approach to each client is our priority. Whether you are looking for just the right editor in Miami, a fixer in Morocco, or are producing a multi-city videoconference, let us make your job easier.

MMG is your gateway to the most talented professionals and creative services around the world.

We personally invite you to give our award-winning company a try. As our clients have testified, the Maslow Media Group exceeds expectations. I guarantee it!
